To Whom it May Concern:

I have the pleasure of working with Jeremy Frees and MWR at the ESPN X Games. I have worked with Jeremy in a variety of capacities in Aspen ranging from his management of the trash/recycling/compost needs to his coordination with our environmental department to his assistance at X Games Austin as part of our event staff.

Jeremy and his team at MWR bring professionalism, attention to detail, hard work and commitment to any task he is overseeing. The relationships he has built over the years with various departments have improved efficiencies and resulted in increased waste diversion.

I highly recommend Jeremy Frees and MWR for any waste management project needed as he is a valuable part of the success of our program. If you have any questions, please do not hesitate to contact me at 213-276-2581 or vanessa.m.anthes@espn.com

Respectfully,

Vanessa Anthes
Associate Director, Event Operations
